CENTER

OLIVE COUNSELING CENTER

Our vision at Olive Counseling Center is to transform people from all walks of life through professional, biblically-based counseling. Our counselors strive to provide the best care possible, pointing to the power of Christ to restore and heal. You may be unsure of the exact nature of your struggle. You may not know how to name it. Our counselors can help identify the issues you face and recommend a path of healing and recovery. We provide a safe place for you to process your pain and we will help you develop a plan to navigate through life.

We provide counseling services for individuals, married couples, families, children, and adolescents. We specialize in treatment for depression, anxiety, OCD, ADHD, trauma, and PTSD. We also have experience and provide counseling for recovery from an extra-marital affair, sexual brokenness, grief and loss, childhood sexual and physical abuse, parenting, infertility, substance abuse, addictions, and more.

Rachael Croley, LCSW is our Clinical Director and heads up our staff of licensed clinicians, registered interns, and graduate student interns. God's love is demonstrated through each counselor's devotion to serve and strengthen others.

To schedule an appointment call 850.473.4461. Counseling sessions with our licensed counselors are billable to most insurances as an out-of-network provider. A sliding fee scale based on income is available for those who do not have insurance. We will not let the cost of therapy be a reason you do not receive help.
