Mental Health Task Force Kicks off Study

ESCAMBIA COUNTY, FLORIDA – The Mental Health Task Force of Northwest Florida is diving into the details this quarter. Through the collaborative work of the Task Force, a contract has been made with Ernst & Young to conduct Strategic Planning and develop an action plan and define an ideal end state for the continuity of support and closure of gaps within the mental wellness and behavioral health system in our area. The full Task Force will be meeting on January 13 to hear from the team at EY with their preliminary findings and to participate in break out sessions to “dig a little deeper” The EY contract will present their final report at the May meeting of the Mental Health Task Force of Northwest Florida.

About the Mental Health Task Force of Northwest Florida

The goal of the Mental Health Task Force of Northwest Florida is to act as a positive catalyst influencing the working and communal culture by the promotion of wellness to include optimal mental wellbeing for the workforce in Escambia and Santa Rosa Counties.

Our Mission

Provide mental health support and resources to all Northwest Florida citizens.
